

WHITEPAPER:
THE WHALE MONKEY
\$TWMS\$

ABSTRACT

The Whale Monkey \$TWM\$ aims to become a leading community-driven token by 2026, with a strong focus on staking, gamification, and mobile accessibility. With a total supply of 1 billion tokens, \$TWM\$ offers a transparent, locked-liquidity structure aimed at long-term growth and community rewards.

PROBLEM

&

SOLUTION

Problem:

The memecoin market is saturated with projects exhibiting "pump-and-dump" behavior, lacking utility or a post-launch roadmap. Gaming tokens are often too complex for the average user.

PROBLEM

&

SOLUTION

Solution:

\$TWM\$ offers a "meme-first, utility-second" approach.

- **Community First: Development is based on community input.**
- **Utility: Direct staking capabilities and P2E games from launch.**
- **Mobile Integration: An app-first approach in Q3/Q4 2026 to make DeFi accessible.**

TOKENOMICS
